- ❖ Floorboards are Tongue and Grooved on all 4 sides
- ❖ Bevelled (as standard) on the long sides of the floorboard. Square Shoulder available upon request.
- ❖ 20mm thick with a 5 / 6mm solid hardwood wear layer & Birch-Plywood substrate.
- ❖ Our engineered wood flooring is suitable for use with all types of Under Floor Heating Systems.
- ❖ Our engineered wood flooring can be used structurally – fixed directly to joists.
- ❖ The overall floorboard thickness can be reduced if required.
- ❖ Long random lengths - median 2.40m but expect some shorter lengths within a pack.
- ❖ Longer Length Specification - up to 3.5m + 15% on list prices & subject to availability of timber.
- ❖ All prices stated are per m² and exclusive of V.A.T.
